- Scott, Spa Supervisor

“The staff meals (free food) is great and so are the benefits and incentives. I love the people I work with and the view from where I work is amazing – you can see the sailboat regatta on weekends. We have a lot of different people from all departments and it feels like one big family.”

- Susanne, Spa Front Desk & Bartender

“I love the people I work with. I also love the fresh flowers we get every week.”

“The staff here are amazing. A lot of the staff are younger than I am and my age doesn’t make a difference to how we all interact. The attitude from everyone is so positive and everyone has been so patient as I am going through training.”

You don't have to know everything on your first day – they are willing to train you.”

- Anne, Guest Experience Agent

“The wages are awesome. The management is very participative – there is lots of communication and it's not intimidating to talk to anyone from the ownership or management team – it's a true open door policy. The discounts for staff are great.”

- Jenny, Server (opening team)

“The Kitchen team is awesome to work with. The staff meals and benefits are also great. You also can't beat the scenery.”

- Skye, Server

“It's a very supportive and positive work environment. I LOVE the entire management and ownership team – they are very helpful, open, and at ease with all of the staff. They give people a fair chance and are compassionate. There are some great rewards programs in place that provide a referral bonus for recommending new team members that get hired and the service miles program acknowledges people when they go the extra mile. I want to be here for a long time.”
