Introduction to Phillips Brewing Company:

Brewing in small batches and using only the finest ingredients, Phillips Brewing Company is dedicated to creating unique British Columbian versions of old world classics. Located right in Victoria, the brewery uses traditional techniques to produce all natural, unpasteurized beer.

INDIA PALE ALE: A pacific northwest IPA, with a full, lively hop flavour and a bold, lingering finish.

SLIPSTREAM: A smooth, copper ale with deep malt signatures, woody notes and a crisp finish.

BLUE BUCK: Our prized session ale; bronze in colour with a robust malt body and distinct northwest hop flavour..

SURLY BLONDE: A complex, full-bodied ale fermented with Belgian yeast and infused with herbs.
